Title: Registered Behavior Technician 40-hour Training Course
Hours: 42.5
Location: Online

The following is an outline of our 40-hour training. This information will not be requested by the BACB unless you are audited. Please retain this information for your records. The time indicated next to the activity is an average, some participants may take more time and may take less time. The course average is 42.5 hours. Please email behaviorwebinars@gmail.com if you have any questions.

This material is protected by copyright and has been copied by and solely for the educational purposes of behavior webinars. You may not sell, alter, or further reproduce or distribute any part of this course pack/material to any other person. Where provided to you in electronic format, you may only print from it for your own private study and research. Failure to comply with the terms of this warning may expose you to legal action for copyright infringement and/or disciplinary action by the Behavior Webinars.

This training program is based on the Registered Behavior Technician Task List 2.0 and is designed to meet the 40-hour training requirement for the RBT credential. This course is delivered through online modules which consist of video, ppt, and activities. This course will help prepare you for the RBT exam.

Speaker Bio

Dr. Jaime Flowers is an assistant professor of School Psychology at Stephen F. Austin State University. She is the program director of the ABA certificate program, and the M.A. in applied educational psychology. She completed her doctorate at Chapman University. She is a Licensed Psychologist and Licensed Specialist in School Psychology in the state of Texas, Board Certified Behavior Analyst, and a Nationally Certified School Psychologist. Her current research interest includes functional behavior assessment in schools and the creation of novel narrow band assessment tools.
